1. PROFESSIONAL SUMMARY

Detail-oriented and results-driven Senior Data Analyst with **8+ years of experience** transforming complex datasets into actionable business insights. Proven expertise in **SQL, Python, Tableau, and Power BI**, with a strong background in statistical analysis, predictive modelling, and data visualisation. Adept at leading cross-functional teams, managing stakeholder expectations, and delivering data-driven solutions that improve operational efficiency and drive revenue growth. Passionate about mentoring junior analysts and promoting a data-first culture across organisations.

2. WORK EXPERIENCE

Senior Data Analyst — InsightHub Analytics, Birmingham, UK

January 2021 – Present

- Lead a team of 5 analysts in delivering weekly and monthly business intelligence reports to C-suite executives.
- Designed and implemented an automated KPI dashboard in Tableau, reducing manual reporting time by **65%**.
- Built predictive churn models using Python (scikit-learn, pandas), improving customer retention by **12%**.
- Developed SQL-based ETL pipelines processing **10M+ records daily** across multiple data sources.
- Collaborated with marketing, finance, and operations teams to define KPIs and data governance standards.
- Mentored 3 junior analysts, two of whom were promoted within 18 months.

Data Analyst — RetailMetrics Ltd, London, UK

March 2018 – December 2020

- Analysed sales and inventory data across 200+ retail stores, identifying £2.3M in cost-saving opportunities.
- Created Power BI dashboards used daily by regional managers to track performance against targets.
- Conducted A/B tests and statistical analyses to evaluate promotional campaign effectiveness.
- Automated recurring reports using Python and SQL, saving 20+ hours per week.
- Presented findings to senior stakeholders, translating complex data into clear business recommendations.

Junior Data Analyst — StartUp Insights, Manchester, UK

July 2016 – February 2018

- Cleaned, transformed, and visualised datasets using Excel, SQL, and R.
- Supported senior analysts in building customer segmentation models.
- Produced weekly performance reports for the product and marketing teams.
- Maintained data quality checks, reducing reporting errors by **40%**.

3. EDUCATION

MSc Data Science — University of Birmingham, UK

2015 – 2016 | Distinction

- Dissertation: "Predicting Customer Lifetime Value Using Machine Learning Techniques"
- Relevant modules: Machine Learning, Big Data Analytics, Statistical Modelling, Data Visualisation

BSc (Hons) Mathematics — University of Leeds, UK

2012 – 2015 | First Class Honours

- Relevant modules: Probability, Linear Algebra, Numerical Analysis, Programming Fundamentals

4. CERTIFICATIONS

- **Google Advanced Data Analytics Professional Certificate** — Coursera (2023)
- **Microsoft Certified: Power BI Data Analyst Associate (PL-300)** — Microsoft (2022)

- **AWS Certified Data Analytics – Specialty** – Amazon Web Services (2021)
 - **Tableau Desktop Specialist** – Tableau (2020)
 - **Certified Scrum Master (CSM)** – Scrum Alliance (2019)
 - **IBM Data Science Professional Certificate** – Coursera (2018)
 - **SQL for Data Science** – University of California, Davis (2017)
-

5. PROJECTS

Project 1: Customer Churn Prediction Model

Python, scikit-learn, pandas, Matplotlib

- Built a machine learning model to predict customer churn for a telecom client using logistic regression and random forest.
- Achieved **87% accuracy** and **0.91 AUC score** on test data.
- Delivered actionable insights that reduced churn by **12%** within 6 months.
- Presented findings to client stakeholders and published a detailed methodology report.

Project 2: Automated Sales Dashboard

Tableau, SQL, Google BigQuery

- Designed an interactive Tableau dashboard integrating data from 5+ sources.
- Enabled real-time tracking of sales performance across 12 regions.
- Reduced manual reporting workload by **65%** and improved decision-making speed.
- Dashboard adopted by 40+ managers across the organisation.

Project 3: Retail Inventory Optimisation

Python, SQL, Excel, Power BI

- Analysed 3 years of inventory and sales data to identify stock imbalances.
- Developed a forecasting model that reduced overstock by **18%** and stockouts by **22%**.
- Created a Power BI report used by supply chain teams for weekly planning.
- Delivered £1.1M in annual cost savings.

Project 4: Sentiment Analysis of Customer Reviews

Python, NLTK, spaCy, VADER

- Scraped and analysed 50,000+ customer reviews from e-commerce platforms.
- Built a sentiment analysis pipeline classifying reviews as positive, neutral, or negative.

- Identified key pain points leading to a **15% improvement** in customer satisfaction scores.
- Visualised results in an interactive Plotly dashboard.

Project 5: HR Attrition Analytics

R, SQL, Tableau

- Investigated employee attrition patterns across departments and demographics.
- Built a logistic regression model identifying top 5 drivers of attrition.
- Recommendations led to revised onboarding and engagement strategies.
- Reduced voluntary turnover by **9%** in the following year.

Project 6: COVID-19 Data Visualisation Dashboard

Python, Plotly, Dash, Public Health Data

- Created an interactive dashboard tracking COVID-19 cases, vaccinations, and mortality rates.
- Integrated data from WHO and UK government APIs.
- Visualised trends across 50+ countries with drill-down capabilities.
- Used by local health authorities for resource planning.
- Open-sourced on GitHub with **500+ stars**.

ADDITIONAL INFORMATION

Technical Skills

- **Programming Languages:** Python, SQL, R, VBA
- **Data Visualisation:** Tableau, Power BI, Plotly, Matplotlib, Seaborn
- **Data Tools:** Excel (Advanced), Google BigQuery, Snowflake, Apache Spark
- **Machine Learning:** scikit-learn, TensorFlow, Keras, XGBoost
- **Databases:** PostgreSQL, MySQL, MongoDB, SQL Server
- **Other:** Git, Jira, Agile/Scrum, A/B Testing, Statistical Analysis

Soft Skills

- Leadership & Team Management
- Stakeholder Communication
- Problem-Solving & Critical Thinking
- Project Management
- Mentoring & Coaching

- Presentation & Storytelling

Languages

- **English** — Native
- **Spanish** — Professional working proficiency
- **French** — Conversational
